FINE TEA SELECTION

SUPERIOR BLACK LEAF TEA

A subtle blend of three superior quality teas: kenya, darjeeling and assam which have been blended together to produce an exceptional tea.

EARL GREY

Oil of bergamot has been added to this tea to create a citrus flavour, and it works well with the addition of a slice of lemon to enhance the character. While bergamot is a citrus fruit grown in Italy, earl grey is often regarded as the height of English tea.

ASSAM LARGE LEAF

This is a strong, robust tea with a coppery colour. It tastes good with milk, which allows the rich, malty character to come through. Assam is situated in the north east of India. This is the strongest tea on the menu.

DARJEELING

Darjeeling has a light, delicate flavour accompanied by a floral aroma. It is a delightful tea best served on its own, or with just a dash of milk. Darjeeling lies under the Himalayas and the high altitude and high rainfall produces world-renowned tea.

GREEN TEAS

PINHEAD GUNPOWDER LEAF TEA

Rolled green Chinese tea which is delicate in taste and smooth in texture. Green tea has numerous health benefits and aids digestion. This tea produces a green liquor with quite a strong, slightly bitter flavour for a refreshing cup

JAPANESE RICE TEA

A green tea blended with rice and popcorn which is light and refreshing, and which aids digestion.

KEEMUN

The small, delicate leaf provides a rich, brown, lightly scented and almost nutty liquor that is wonderful on its own but also takes extremely well to milk, which brings out its extraordinary smoothness.

RUSSIAN CARAVAN

A blend of oolong, keemun and lapsang souchong teas. Although these are China teas, the name Russian Caravan comes from the 18th century camel caravans which brought China tea to Europe. An aromatic and full bodied tea with a smoky taste.

ROSE POUCHONG

A delicate infusion of China black tea and rose blossom. It has a light, refreshing, rose perfumed taste. Pouchong is a lightly fermented tea from China and so does not overpower the delicate rose scent.

DECAFFEINATED

This is a skilfully decaffeinated tea with less than 0.1% caffeine due to its very careful removal, yet with all the flavour you would hope for.

HERBAL AND FRUIT TEAS

PEPPERMINT TEA (H)

This reviving blend is made with whole peppermint leaves from Egypt for a stronger taste and a fresh palate-cleansing mint flavour.

CAMOMILE FLOWER (H)

A caffeine-free drink brewed using only whole camomile flowers for a fresh, light and soothing flavour. The flower comes from the daisy family and this very delicate infusion is the lightest on the menu.

BOUTIQUE BERRY (F)

A full-flavoured infusion which is deep burgundy red and made of hibiscus, elderberries and redcurrants.

APPLE AND MANGO (F)

This is a China blend with marigold flowers to which the subtle flavours of mango and apple are added to create a fresh, floral aroma.
