## FINE TEA SELECTION

### SUPERIOR BLACK LEAF TEA

A subtle yet exceptional blend of three superior quality teas: kenya, darjeeling and assam.

### EARL GREY

Oil of bergamot has been added to this tea to create a citrus flavour, and it works well with the addition of a slice of lemon to enhance the character.

### ASSAM LARGE LEAF

This is a strong, robust tea with a coppery colour. It tastes good with milk, which allows the rich, malty character to come through. This is the strongest tea on the menu.

### DARJEELING

Darjeeling has a light, delicate flavour accompanied by a floral aroma. It is a delightful tea best served on its own, or with just a dash of milk.

### KEEMUN

The small, delicate leaf provides a rich, brown, lightly scented and almost nutty liquor that is wonderful on its own but also takes extremely well to milk.

### RUSSIAN CARAVAN

A blend of oolong, keemun and lapsang souchong teas. An aromatic and full bodied tea with a smoky taste.

### ROSE POUCHONG

A delicate infusion of China black tea and rose blossom. It has a light, refreshing, rose perfumed taste. Pouchong is a lightly fermented tea from China and so does not overpower the delicate rose scent.

### DECAFFEINATED

This is a skilfully decaffeinated tea with less than a 0.1% caffeine due to its very careful removal, yet with all the flavour you would hope for.

## HERBAL AND FRUIT TEAS

### PEPPERMINT TEA (H)

This reviving blend is made with whole peppermint leaves from Egypt for a stronger taste and a fresh palate-cleansing mint flavour.

### CAMOMILE FLOWER (H)

A caffeine-free drink brewed using only whole camomile flowers for a fresh, light and soothing flavour. The flower comes from the daisy family and this very delicate infusion is the lightest on the menu.

### BOUTIQUE BERRY (F)

A full-flavoured infusion which is deep burgundy red and made of hibiscus, elderberries and redcurrants.

### APPLE AND MANGO (F)

This is a China blend with marigold flowers to which the subtle flavours of mango and apple are added to create a fresh, floral aroma.

## GREEN TEAS

### PINHEAD GUNPOWDER LEAF TEA

Rolled green Chinese tea which is delicate in taste and smooth in texture. Green tea has numerous health benefits and aids digestion. This tea produces a green liquor with quite a strong, slightly bitter flavour for a refreshing cup

### JAPANESE RICE TEA

A green tea blended with rice and popcorn which is light and refreshing, and which aids digestion.
